FROM THE FOUNDERS

Over the past decade, we have worked with thousands of people around the world to develop a coaching methodology that helps high-functioning individuals with big dreams usher in transformation and reach their full potential.

We developed CreativeMind as a labor of love. Our love of psychology and deeper spiritual understanding of the human experience brought us together. Now, united in purpose, we share this process with others through our Certification Training Programs.

People are craving a deeper understanding of themselves and a more direct spiritual experience in their lives. Carl Jung created a map of the psyche (soul) that we can follow and the wisdom of Eastern Spirituality gives us the higher knowledge needed to complement Jung's work.

Our mission is to provide life coach training beyond simple motivation and action steps to ignite a deeper, spiritual experience of one's true nature. After all, life coaching should be about life; not just the surface persona, but the whole person, conscious and unconscious. If you are looking for something different, then you are in the right place.

Our process will help you bring light to your true self so you can share your gifts with others and make a real difference in their lives.

This is the journey you were meant to be on. Let's begin it together.

STUDENT TESTIMONIALS

My journey has taken me through four comprehensive coach training programs, each one bringing me closer to the coach I aspired to be. Yet, despite the valuable insights I gained, something was always missing.

It wasn't until I enrolled in Creative Mind's Jungian Life Coach Training that I discovered what that was. The missing pieces were profound: true transformation on a soul and spiritual level, for myself and thus for my clients, and Creative Mind's unshakable belief in our ability as coaches to build a successful coaching business and to thrive. I'm so filled with gratitude to have finally found what had been missing: the depth of true inner transformation and a holistic approach to coaching that integrates the psyche and spirit, with just the right dose of neuroscience."

—Melanie Bates

I went from being withdrawn and afraid to be seen, to taking action and putting myself out there with confidence. I learned that I am not broken and I don't need to be fixed, and am now empowered to move forward to fully embody my wholeness.

—Natalie Mal

STUDENT TESTIMONIALS

I was delighted with this program. Familiar with Jungian terms and thinking, I entered the program looking forward to gaining practical experiences and connecting with people at a soulful level. I was not disappointed. Additionally, Rob and Debra did an excellent job discussing unclear concepts, thus making Jung accessible to all. The business part of the course was very well done, with exceptional oversight and honest feedback.

—Mark Grandstaff, PhD.

"I have found my path to that deeper part of myself and my true Self through the CreativeMind Coaching program."

-Cindy Schmidt

The CreativeMind Method has enabled me to overcome self-imposed limitations, uncovering areas of my psyche I previously didn't recognize, and leading me to discover my authentic self.

—Francisco Mazza

STUDENT TESTIMONIALS

I have been able to confront so many hurdles and challenges in my life in a much more liberating way, knowing that I don't have to fix anyone or anything, but rather let situations mirror to me the opportunity of continuing this profound inner work.

—Lexa Hillyer

I've been working with Debi & Dr. Rob for the past 4 years and I started because I had one problem to solve - but then I became "hooked" on the intrigue of the work itself and Eastern Philosophy was a big part of the draw, along with Jungian Psychology. I feel secure in the principles no matter what the situation, whether its love, family, friendships, career, or otherwise. And... have become a Certified Jungian Spiritual Life Coach just because I love it so very much! I established my passion project business, Newborn Evolution – as Leadership Transformation Coach & Journalist, in addition to my high pressure corporate career. Everyday is a beautiful new adventure!

—Joanne Newborn
